Animal Bedding

BALAR CORPORATION

CORN COB GRIT

Natural, plant-based **corn cob grit bedding and litter** for small pets, birds and laboratory animals. Its absorbent structure locks in moisture and odour, so cages stay clean and dry for longer between changes.

Sieved to a tight size band in **three grades**, so every bag looks and performs the same. Supplied in bulk or under **your own private label**.

1–2 mm
Fine

Soft and low-dust, for small cages and nesting mixes.

Hamsters · Mice · Nesting

3–5 mm
MOST REQUESTED

Standard

The lab standard. Autoclavable, high absorbency.

Rats · Gerbils · Lab mice

4–6 mm
Coarse

Bigger granules for larger animals and birds.

Rabbits · Guinea pigs · Birds

- **Dust-Free**
